

GRANT WRITER AND GRANTS PORTFOLIO

Increasing sustainable funding for all health and wellness initiatives.

Initiative Description

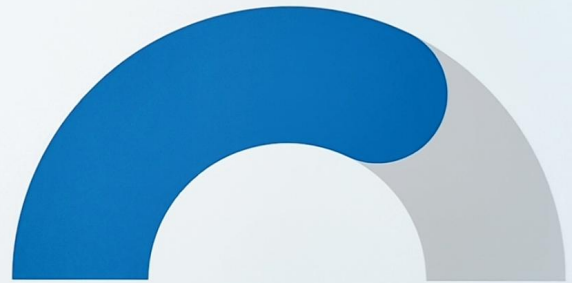

A dedicated role to expand external funding, increase sustainable funding, and manage grant strategy.

KPI Alignment

- Service Utilization

ACTIVE & STABLE

- Full-time Grants Manager hired
- Grant portfolio in development
- Interactive grants dashboard underway

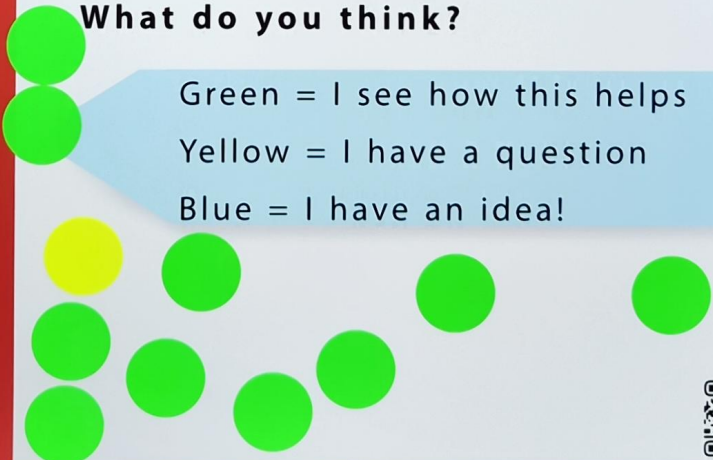

Key Needs & Risks

- Position funding sustainability
- Portfolio strategy

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

UNIFIED FOOD PANTRIES

Integrated basic needs infrastructure—
food security as academic infrastructure

Initiative Description

Integrated food pantry and basic needs exchange infrastructure, aligning inventory, referral pathways, and access across sites with Medica as the anchor system. Improving efficiency and campus-wide food security tracking.

KPI Alignment

- Utilization rates

ACTIVE & EXPANDING

- Target identified: 63% of students experience food insecurity
- Q3 2026 PantrySoft purchase
- Emergency aid pathway formed

Key Needs & Risks

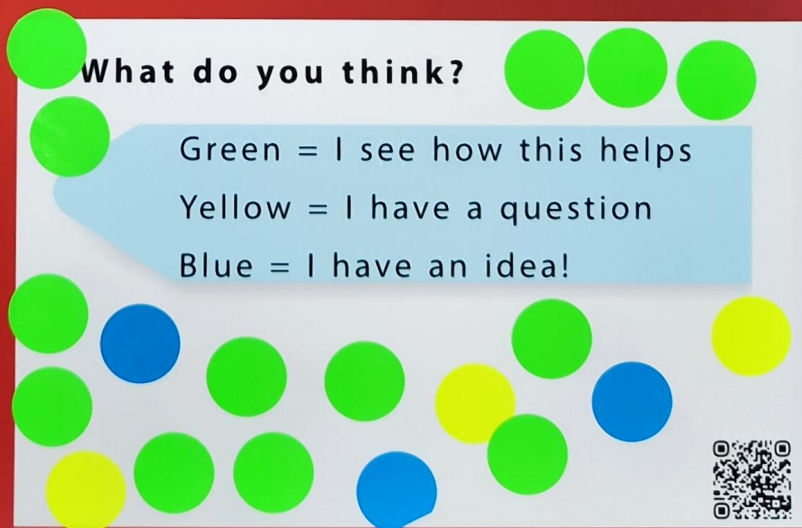

- Tech approval
- Budget
- Cross-site staffing
- Faculty referral training

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

UNIFIED EHR SYSTEM

One record, one division—moving from siloed systems to proactive, coordinated care

Initiative Description

Establish MedicatOne as a unified EHR across UCC, SHC, and clinical services to improve continuity of care and referral efficiency. Standardized referral pathway templates and a division-wide consent model.

KPI Alignment

- Service Utilization

ACTIVE & EXPANDING

- Full rollout: Fall 2026
- UCC & SHC in build phase
- Referral path templates under clinician review
- Tableau analytics
- Vendor contracted

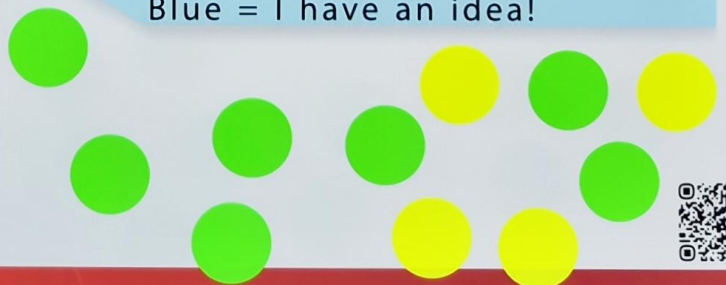

Key Needs & Risks

- Staff training
- Campus Connect integration
- Data MOU
- Consent harmonization

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

GUIDED SERVICE PROGRAM

Coordinating care for students with moderate-to-high acuity needs requiring multidisciplinary care.

Initiative Description

Ensuring care continuity and reducing system fragmentation for students with complex needs, improving health navigation with cross-unit coordination.

KPI Alignment

- Service Utilization
- Culture of Care

ACTIVE & EXPANDING

- Pre-committee discussion phase in progress
- Addressing leadership questions before committee convenes

Key Needs & Risks

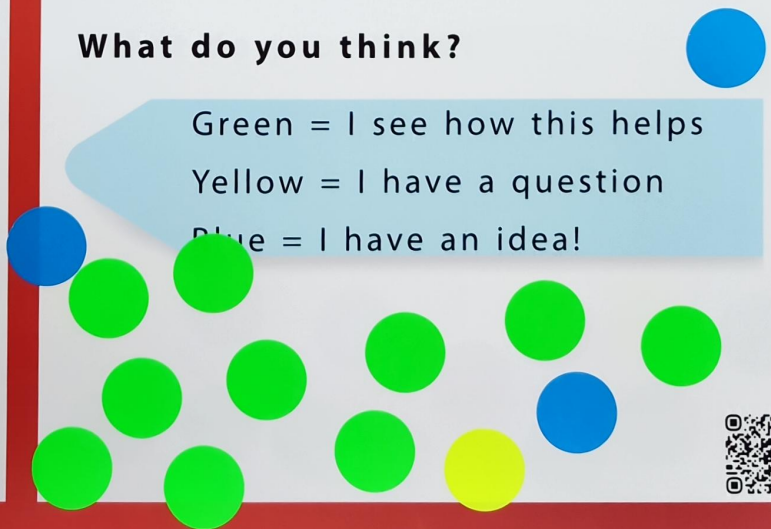

- Staffing model
- Referral protocols

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

DURABLE SKILLS CURRICULUM

Core curriculum for student workers to build durable skills and earn microcredentials.

Initiative Description

Build student worker durable skills with formal recognition through Undergraduate Studies microcredential and/or Faculty Senate certificate.

KPI Alignment

- Culture of Care
- Service Utilization

ACTIVE & EXPANDING

- Existing curriculum, core tenets, and module-level content mapping documented

Key Needs & Risks

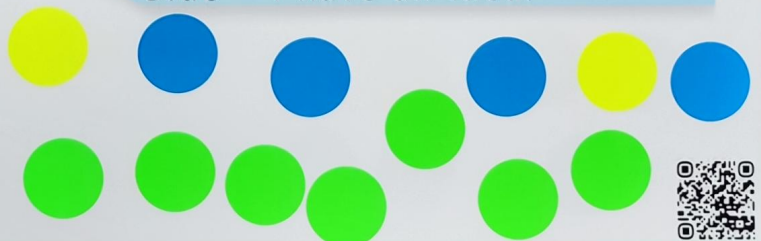

- Faculty group charge letter
- Departmental support

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

SH&W BRANDING CAMPAIGN

One division, one voice—making SH&W visible, known, and chosen by students

Initiative Description

Reinforcing SH&W's visual identity, voice, and campaign architecture across all 7 SH&W departments, signaling that SH&W resources are available whenever and wherever students need them.

KPI Alignment

- Culture of Care
- Campus Climate

PILOT

- Brand audit complete across all departments
- Anytime Anywhere campaign in market
- Cross-channel presence
- Summer 2026 rollout

Key Needs & Risks

- Consistency
- ROI measurement framework
- Admissions and SA Comms coordination

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

REFERRAL COORDINATION PROGRAM

Making coordinated care the default—not a benefit only available to students who know how to ask.

Initiative Description

Increasing first-appointment show rate and care continuity through legal-approved consent, opt-out forms, staff scripts, verification checklists, and Medicat integration.

KPI Alignment

- Service Utilization
- Culture of Care

PILOT

- Current pilot between CCW and UCC
- Soft rollout target: Fall 2026
- Full rollout target: January 2027

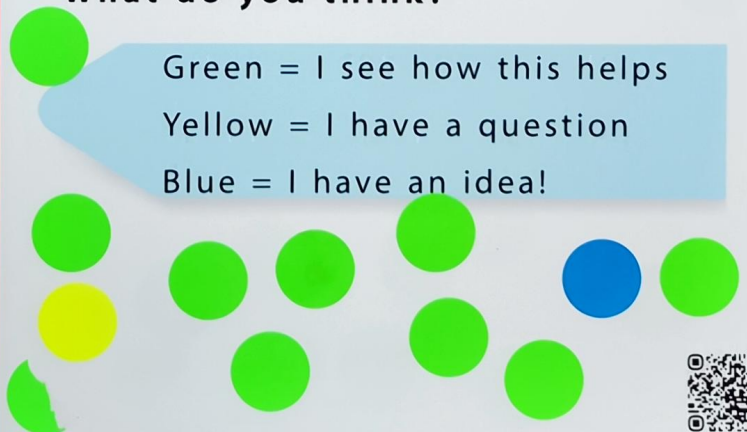

Key Needs & Risks

- Campus communication plan
- Remaining Medicat builds

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

SH&W UTILIZATION DASHBOARD

From reactive reporting to real-time insight—building the division's analytic backbone.

Initiative Description

Unified KPI dashboard across all 7 departments, including data on utilization, campus climate, equity, and longitudinal data, with an instrument register and national data comparisons, allowing data-informed decisions and ROI storytelling.

KPI Alignment

- Culture of Care
- Campus Climate
- Wellbeing
Self-Perception
- Service
Utilization

PILOT

- Dashboard is live with 12 analytic views
- Healthy Minds 2020-2023 trend panel deployed
- Instrument caveats available

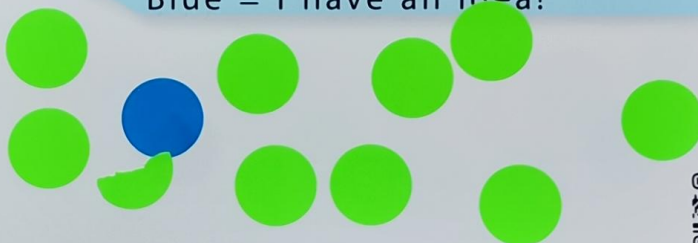

Key Needs & Risks

- Analytics capacity
- Director survey dataset
- UAIR MOU

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

UNIFIED SURVEYS

One student voice measured consistently at
every door they enter.

Initiative Description

Developing a shared set of questions across SH&W satisfaction surveys and intake processes to better measure basic needs, wellness perception, and well-being outcomes while preserving each department's unique service model.

KPI Alignment

- Campus Climate
- Culture of Care
- Well-being Self-Perception

PILOT

- Working group will convene in Summer 2026
- Standardize shared questions for satisfaction and intake surveys related to basic needs and wellness KPI metrics
- Departments will retain service-specific questions

Key Needs & Risks

- Dept Reps for working group
- Survey coordination
- Shared question bank
- Consistent implementation across departments

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

RISK MITIGATION COMMITTEE

Establishing a systematic approach to risk identification and response across SH&W operations.

Initiative Description

Building a proactive, cross-divisional risk identification and mitigation infrastructure for SH&W, in partnership with Emergency Management.

KPI Alignment

- Culture of Care
- Service Utilization
- Campus Climate
- Well-being Self-perception

PLANNING

- Partnership with Emergency Management underway
- Summer 2026 Committee being established

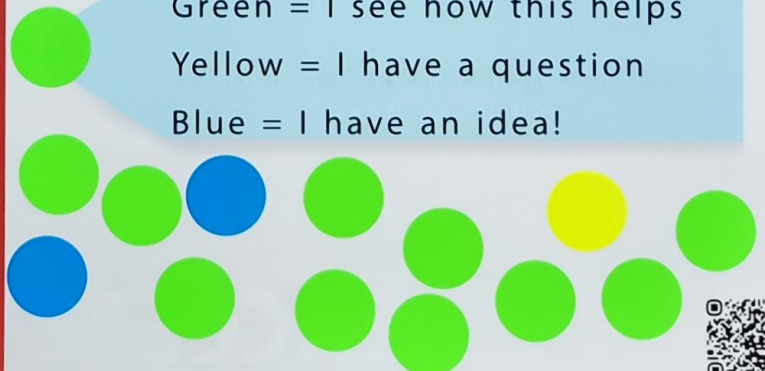

Key Needs & Risks

- Committee chair
- Member identification
- Meeting cadence

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

SUCCESS 360

Cultivating financial literacy and investing in students' financial futures.

Initiative Description

Building long-term financial literacy and behaviors, in partnership with Fidelity Investments, by offering incentives (funded brokerage accounts) for students.

KPI Alignment

- Well-being
- Self-Perception
- Campus Climate

PLANNING

- Set to launch Spring 2027
- Developing points system with QR codes and uIDs
- Developing outreach materials

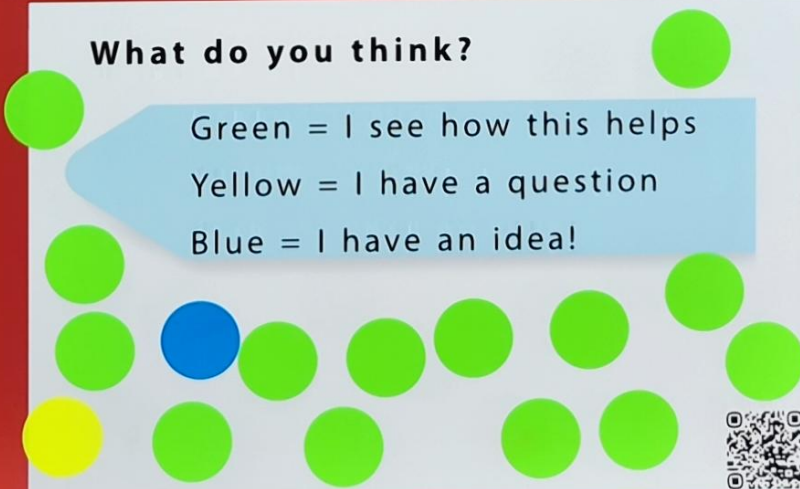

Key Needs & Risks

- Integrated "point" system
- Sponsor funding
- Campus Connect coordination

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

COMMUNICABLE DISEASE RESPONSE INFRASTRUCTURE

From reactive incident response to standing infrastructure—protecting students, staff, and institutional integrity

Initiative Description

Division-wide infrastructure for risk monitoring, protocol adherence, and coordinated response, ensuring FERPA and HIPPA compliance.

KPI Alignment

- Culture of Care
- Campus Climate

PLANNING

- Protocol gaps identified in 2026 measles response
- Interim SOP deployed
- Decision Guide published
- Communications package ready for activation

Key Needs & Risks

- Permanent SOP
- Integration with Emergency Management
- FERPA considerations

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

MEDICAL STUDENT WELLNESS PROGRAM

Dedicated wellness infrastructure for the cohort with the highest documented burnout rates.

Initiative Description

Clinical, peer, and programming support built for medical students, aligning with UCC, CDA, and FWC to ensure equitable, holistic wellness access.

KPI Alignment

- Well-being Self Perception
- Service Utilization

LAUNCH

- 98% awareness achieved
- Structural home secured (SH&W)
- Integration with other medical schools outside of the U

Key Needs & Risks

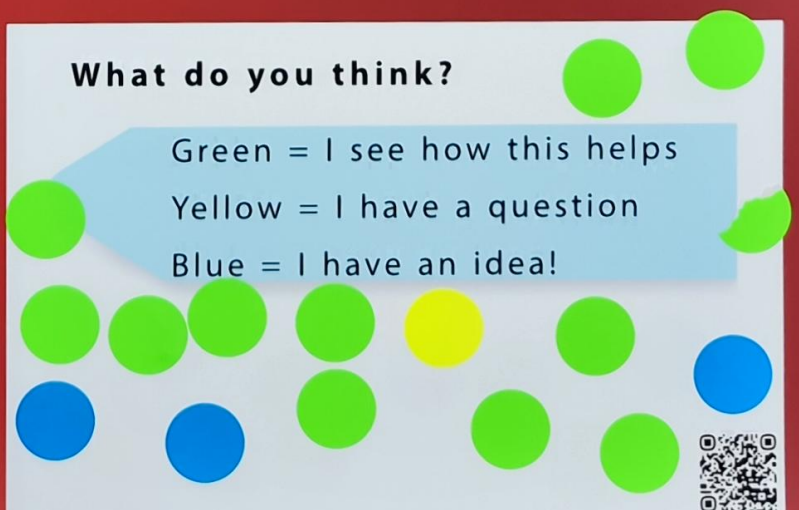

- Confidentiality agreements
- Weekend/evening service hours
- Faculty referral pathways

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!

AVP STUDENT HEALTH & WELLNESS WEBSITE

A unified hub for all SH&W services and information.

Initiative Description

All SH&W content centralized in a single website, improving access, clarity, and navigation for students seeking health and wellness services.

KPI Alignment

- Campus Climate

LAUNCH

- Written assets submitted to UMC
- First draft pending

Key Needs & Risks

- Web development support
- UMC delivery

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

INCOMING STUDENT WELLNESS ASSESSMENT

Meeting students at the front door, before needs become crises.

Initiative Description

Division-wide wellness assessment administered to every incoming student, capturing baseline data across the 9 dimensions of wellness and routing high-need students to appropriate support early.

KPI Alignment

- Well-being Self-Perception
- Service Utilization

LAUNCH

- Full launch: May 2026, including main campus, UAsia, international, and transfer students
- Centralized response routing through peer navigators

Key Needs & Risks

- Tool finalization
- Admissions integration
- Downstream capacity
- Response scripts

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

FINDINGS & IMPACT REPORT

The five-year story—2021-2025—told with evidence, equity, and institutional honesty.

Initiative Description

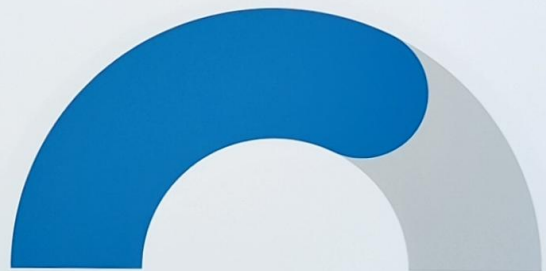

Tells the story of five years of divisional work across all departments with evidence and an honest account of what's working and what isn't. Incorporates aggregated data across HMS, NCHA, and departmental utilization.

KPI Alignment

- Culture of Care
- Campus Climate
- Service Utilization
- Well-being Self-Perspective

ACTIVE & STABLE

- First iteration sent out Spring 2026
- Intersectional analysis framework established
- First-ever State of Health and Wellness address

Key Needs & Risks

- Design capacity for public-facing version
- Continued distribution plan

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

SPIRITUAL WELLNESS PROGRAM

Affirming the 9th dimension of wellness across diverse faith and meaning-making traditions.

Initiative Description

Division-wide programming and peer support affirming spiritual wellness, increasing accessible, inclusive opportunities for reflection, belonging, meaning-making, and purpose.

KPI Alignment

- Culture of Care
- Campus Climate
- Well-being Self-perception

ACTIVE & EXPANDING

- 47% year-over-year growth, demonstrating demand
- Strong engagement from LGBTQ+ and students of color
- Workshops and small groups

Key Needs & Risks

- Space and staff
- Sustainable funding
- UCC integration for clinical escalation

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

PEER WELLBEING NAVIGATORS

Students helping students find the right door—
and walking them through it.

Initiative Description

Trained student peers provide way-finding, warm hand-offs, and early-touch support. They meet students where they are—classrooms, dorms, food pantries—to improve access before a clinical need becomes a crisis.

KPI Alignment

- Culture of Care
- Service Utilization

ACTIVE & STABLE

- \$130,000 secured 2026
- First cohort trained and deployed
- Cross-departmental referral map embedded in training
- Early data: Peer trust higher than staff trust

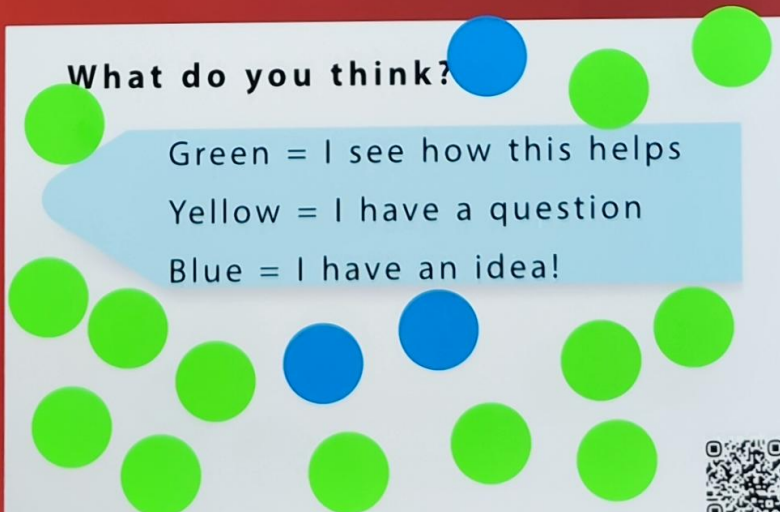

Key Needs & Risks

- Sustainable funding
- Clinical escalation model
- Data analysis capacity

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

QUEST CURRICULUM INTEGRATION

Ensuring every student encounters core SH&W content
in their academic experience.

Initiative Description

Integration of health and wellness content into core QUEST first-year curriculum, ensuring every student encounters SH&W content during their first year.

KPI Alignment

- Well-being
- Self-perception
- Campus Climate

PLANNING

- Two department leaders volunteering for content mapping, documentation, and identification of integration opportunities

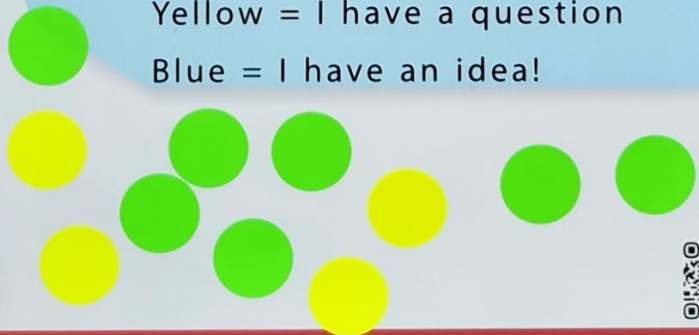

Key Needs & Risks

- Faculty Senate process clarity
- Approvals
- Integration pathway

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

SUICIDE PREVENTION TASK FORCE

Campus-wide suicide prevention, crisis intervention, and postvention.

Initiative Description

Cross-campus task force coordinating prevention, screening, intervention, and postvention response, carrying forward the JED Campus 4-year framework into ongoing operational practice.

KPI Alignment

- Culture of Care
- Campus Climate

ACTIVE & EXPANDING

- Core Team and Working Groups held first meetings
- Three work streams established
- 50+ volunteer members from across campus

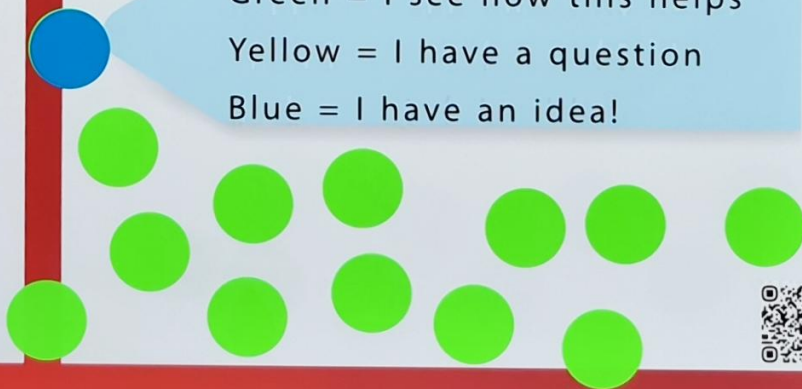

Key Needs & Risks

- Faculty/staff training
- Annual continuity plan
- Governance structure

What do you think?

Green = I see how this helps
Yellow = I have a question
Blue = I have an idea!

EmpowerEd HEALTH LITERACY CANVAS COURSE

Building student capacity to navigate their own health.

Initiative Description

Increases student health literacy and early engagement with resources. Canvas-delivered curriculum, including insurance, preventative care, mental health, and wellness self-management.

KPI Alignment

- Wellbeing
- Self-Perception
- Campus Climate

ACTIVE & STABLE

- Faculty adoption growing
- 98% of students report positive impact
- Currently in first-year seminars, expansion to all students under review
- National interest from NASPA and ACHA

Key Needs & Risks

- Instructional design updates
- Academic Affairs coordination
- LMS analytics integration

What do you think?

Green = I see how this helps

Yellow = I have a question

Blue = I have an idea!
